

Erasmus + Fields

Addressing the current and **F**uture skill needs for sustainability, digitalization, and the bio-**E**conomy in Agricu**L**ture: European skills agen**D**a and **S**trategy

KICK-OFF MEETING

Torino. 3rd & 4th January 2020

What is FENACORE?

- › Founded on 1.955
- › Non-profit association
- › The Unique official representative of the irrigation of superficial and ground waters
- › With political independence
- › Represents more than 80 % of the Spanish irrigation organized under Irrigators Communities (+ 2 M Ha of irrigation and + 700.000 irrigators).
- › Founder member of the Euro Mediterranean Irrigators Community (EIC)

Objectives and activities

- › Represent their members before the State and other Authorities in all their interests and rights.
- › Common defense in the subjects of general interest for Irrigators Communities and Spanish irrigation
- › Legal, technical and practical advice to Irrigators Communities members
- › Presence of irrigation before public opinion
- › Information through Circulars on topics of interest
- › Participation in projects in order to promote R & D
- › Raise awareness and sensitize society on the positive effects of irrigation.

CULTIVO ESTRELLA

Proyecto Malowaten: la muestra

Como los regantes nos las vemos y no podemos desistir en la búsqueda abastecimiento a menor precio. Es una prueba piloto a pequeña escala e (Valencia) ha sentado las bases para escalar con el que demostrar que apoyar la autoproducción de renovables es un sobrecoste energético. Aunque es un hacemos creer que no es posible, reha
